Adam,

As we discussed today, Colorado is talking with parties to the 2006 rulemaking providing affirmative defense to excess emissions tomorrow, 6/9/15 from 1-3. We're meeting here at our offices, and you can either join us or call to listen in. Here's the call info: call 1.877.820.7831, and enter 303757#

Thanks,  
Dena
